VANCOUVER, BC - Manning Elliott is pleased to announce, effective January 7, 2019, EAL Partners, has officially merged into the firm.

Manning Elliott's managing partner, Alden Aumann, says this merger aligns with the firm's overall strategic plan and further supports the development of the firm's growing private and public company practice groups.

Founded in 2015, EAL Partners was established to serve small to medium-sized owner-managed businesses as well as public company audit and assurance clients. EAL founding partner, Ted McLellan, CPA, CA, along with his professional team, has merged his practice into Manning Elliott and will be working out of the Vancouver office.

"We are delighted to welcome Ted and his professional team to the Manning Elliott family." says Mr. Aumann.

To our continued growth and success!
